Hi Mr. Waldman,

It's contrary to the law to charge for USB drives to transfer electronic records. Please transfer these to me at no charge using Google Drive like every other City office. Please do it today, as also required by the law. If you refuse to do so please confirm that you will have a computer available for me to inspect and copy these records at no charge in person. Alternatively please confirm that you will allow me to use my own computer in your office to inspect and copy these records at no charge.

Furthermore, since the law requires the City to produce emails electronically but you are apparently refusing to do so, and since I have no way to transport "three boxes of printed" anything, I will need to inspect and scan these records in your office. Please confirm that I will be able to do so.

In order for me to schedule my time, can you please specify roughly how many sheets of paper are involved in these "three boxes"?

Thanks for your help, no matter how reluctant, insufficient, and statutorily non-compliant!

Hi [REDACTED]

Your files are ready for pickup at our office. They include three boxes of printed emails and the digital attachments of everything on a USB Drive.

Our offices will be closed on Monday for staff training and re-open Tuesday at 9 a.m.

The USB will be \$10 and for this one time we will not charge for printed
